

# **MR. HANS DANIELS**

## **GENERAL MANAGER**

Hans Daniels is a seasoned leader with extensive experience in the chemical industry and a proven track record of managing complex operations. Currently, he serves as General Manager at Sun Ace Gulf Co and at Industrial Additives Manufacturing Company LLC (INDADD), both based in Jubail Industrial City, Saudi Arabia. Prior to these roles, Hans was the General Manager of Operations UAE at Lepidico Ltd, where he played a pivotal role in permitting, design, and advancing the company towards its Final Investment Decision (FID), significantly contributing to its operational excellence.

Before joining Lepidico, Hans held several leadership positions during his tenure at SONGWON Industrial Group. He began his career at SONGWON in 2013 as the driving force behind the construction and startup of the state-of-the-art manufacturing plant in Abu Dhabi dedicated to One Pack Systems (OPS).

Hans later went on to become General Manager of SONGWON Polysys Additives LLC in the Khalifa Industrial Zone Abu Dhabi (KIZAD) and Global Leader Physical Products for SONGWON Industrial Group. During this time, he successfully managed operations in the Middle East and oversaw the operations of SONGWON's OPS manufacturing plants worldwide, strengthening the company's global presence and reputation. Earlier in his career, Hans gained invaluable expertise in production, logistics, and management through his roles at Fluor, one of the world's leading engineering, procurement, and construction firms, and Cabot, a global leader in specialty chemicals and performance materials.

Hans holds a Bachelor of Science (B.Sc.) in Chemical Engineering from The Hague University of Applied Sciences, and throughout his career, he has demonstrated a strong commitment to innovation, operational efficiency, and leadership in the chemical and industrial manufacturing sectors.
